REFEREE'S REPORT

Include ALL RELEVANT INFORMATION regarding the above referenced game incident(s). This report must include:

- All events that may have led up to the incident(s), and all events which followed the incident(s).
- A detailed, clear and concise explanation of the incident(s) so that a person not at the game would understand.

At the 4:18 mark of the first period during this EX game between Cumberland and Gloucester I was in position about 10 feet inside the Cumberland blue line when a Gloucester player had the puck coming out of the corner. He curled to go back down low and I saw Cumberland #77 clearly check this Gloucester player square in the numbers from behind into the boards. The Ranger player was able to get his arms up to protect himself but was checked with some force into the boards so I assessed a Minor and GM for CFB. No apparent injury resulted and the player left the game with no further incident. The score keeper did not record the penalty properly.

Kris McCARTHY #12025

Note: Unless this report contains a rule 71 infraction you may wish to finalize this report. If the report is not verified, an email will be sent to your RIC requesting him/her to validate your report.
